The aim of the game is to guess the location and destroy all of your opponent's battleships. Mark all your vessels in the grid. Using Japanese numbers, try to guess the coordinates of your opponent's vessel.

- If one of your vessels is hit, say HIT.
 Your opponent gets another go.
- If one of your vessels is not hit, say MISS.
- If one of your vessels is entirely sunk, you must say CHINBOTSU!

Remember this is a game of strategy and chance!

A battleship = 4 boxes X 2
A Submarine = 3 boxes X 2
A patrol boat = 2 box X 2
(In total: 6 vessels)

Use the Opponent's Board to help you keep track of what numbers you've already said.
